

PFL12 Series

Features	Benefits
Universal Quick-Attach style hitch plate	The Pallet Fork can be attached to a wide variety of machines. Note: PFL12 series are offered with universal quick attach style hitch plate.
Tall rear guard	Keep loads from slipping backwards.
Attaches to power equipment easily	Uses universal quick attach style hitch plate for quick and easy attachment.
Easy adjustable forks	Forks slide easily on carrying bars from one position to another. Simply pull locking handles up and slide forks to their new positions. Release locking handles to secure forks in their new position.
