
TH35 Series Skid Steer Tilt Hitch

Features	Benefits
20 Degree tilt in both directions	Tilts buckets and other attachments to help with grading and leveling.
Angle gauge & bubble level	Helps the operator set to desired angle and the bubble level helps get attachment to level.
Nylon slide pads	These nylon slide pads contain lubricating properties.
Flat face couplers connect under pressure	Easier to hook up to skid steer.
Universal skid steer plate	Fits most skid steer loaders.
