

SGC0554 Model

Features	Benefits
Fits Kubota's BX80 Series tractors with Model LA340S or LA344S loader and universal quick attach hitch	Easy to hook-up. A good fit for Kubota BX80 Series tractors with a universal quick attach hitch on the front of the loader.
Designed to protect hydraulic hoses	Hydraulic hoses routed to prevent pinching.
3/4" Pivot pins	Large diameter pins for extra strength.
Dual hydraulic cylinders	Allows upper claw to grip the material better.
AR400 teeth material	Four times the strength of mild steel.
High volume cage design	Can handle large volume of material.
(Optional) BX80 third function quick connect male couplers	Attaches to Kubota's Model LA340S or LA344S loader 3rd function valve ports to complete hydraulic hose hook-up. Hydraulic hook-up is made easy with hose hook-up located at the front of the loader.
