DIRTWORKING

## Hydraulic retractable box scrapers, available in highback or lowback.

The HR/HRL35 Series Retractable Box Scrapers meet dirt moving and soil contouring needs of landscapers, contractors, nurseries, sod growers, farmers, ranchers, and municipalities. Soil contouring productivity is dramatically increased with utilization of the hydraulically controlled retractable scarifier.

The front blade mounted on the moldboard is ideal for soil redistribution and soil leveling. A second blade mounted on the hinged rear gate further enhances the ability of the Box Scraper to redistribute and level soil. Both the front and rear blades are replaceable and can be flipped over to extend blade life. The HR/HRL35 is used for finishing and fine grading when the hinged rear gate is bolted in place. Unbolt the rear gate and the unit's front blade will penetrate deeper into the soil. Place the tractor in reverse and the rear blade can be used to backfill.

The hinged rear backfill blade can be in float or fixed position for packed down grade, level grade, or rough grade.

Save time by raising and lowering the shanks hydraulically.

Knurled bushes in the hitch points eliminates premature wear from working forwards and backwards.

	HRL3578 Lowback	HR3584 Highback
<b>Horsepower</b>	40-120 HP	
<b>Hitch</b>	Cat. 1 & 2	
<b>Working Width (cm)</b>	78" (198)	84" (213)
<b>Height of Moldboard</b>	17"	23"
<b>Depth of Side Panels</b>	30"	
<b>Side Plate Material</b>	1/2"	
<b>Overall Depth</b>	43-1/2"	
<b>Capacity Cu. Ft.</b>	26	31
<b>Weight - lb (kg)</b>	981 (445)	1,119 (508)
<b>Number of Shanks</b>	8	
<b>Cutting Edges</b>	Two 1/2" x 6" High Carbon Heat Treated Blades, Reversible & Replaceable
