25-60 HP

HITCH
Cat. 1

SEEDERS

Precise metering and seed-to-soil contact.

The PS1572 Primary Seeder is perfect for the hometown landscaper to do lawns, community parks and areas between the curb and sidewalk. They also perform better than larger models in areas where light moguls, undulations, and depressions exist.

“Precision seeding” is accomplished using proven fluted metering cups (shown here). Each flute grabs just the right amount of seed for even distribution. Millions of cups are in use for a variety of crops around the world.

Various seeding rates can be obtained by turning the dual sprocket over. The easy drive system assures a consistent flow of seed. The rear roller is spring loaded to keep in constant contact with the ground, promoting healthy “seed-to-soil” contact.

	PS1572
Horsepower	25-60 HP
Hitch	Cat. 1
Working Width (cm)	70-1/2" (179)
Overall Width	79-1/8"
Overall Length	29-3/4"
Overall Height	39"
Weight - lb (3-Pt) (kg)	1,165 (528)
Seedbox Construction	16 Gauge Front & Rear, 10 Gauge Endplates
Seedbox Capacity	6 Bushel
Output Range	Varies By Seed Variety; Consult Manual
Front Roller	29 Rings - 12" Diameter 1-1/2" Spindles w/Sealed Ball Bearings
Rear Roller	30 Rings - 9-1/2" Diameter
Roller Spindles	1-1/2" Front, 1" Rear w/Greaseable Bearings
Chain	#40 with Spring Loaded Idler
Seed Cups	10 Each
Track Removers	2 Each
Transport Lights	Standard
Colors
