

RB05/15/16 SERIES REAR BLADES

HP REQUIRED
17-40 HP

HITCH
Cat. 1

DIRTWORKING

Ideal for light duty maintenance and landscaping.

Land Pride's economical RB05, RB15, and RB16 Series Rear Blades are an excellent and economical choice for leveling, grading, finishing, and backfilling. They are the perfect companion for your subcompact or compact tractor.

The multitude of forward and reverse working angles, moldboard offset capability, as well as tilt on the RB16, allows the operator to work right up next to retaining walls, abutments, and raised curbing. They are excellent for snow removal in the pulling or push blade mode. A retractable parking stand is included to accommodate easier blade removal, storage and remount capabilities.
