

# SBR SERIES SEED BED ROLLER

18-52 HP Min. | Cat. 1

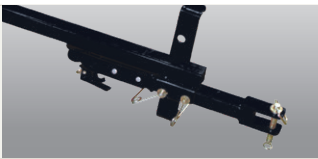

## Improve germination rates.

Land Pride's SBR72 Seed Bed Rollers will break up smaller clumps and dirt clods, while pressing applied seed into firm contact with the soil profile for greatly improved germination rates. They are available with a 3-Point hitch or Pull-Type, and are ideal in landscaping, sports field maintenance, pasture maintenance, professional turf care, general seeding, and overseeding applications.

Available in Cat. 1 3-Point hitch or as a Pull-Type unit to match your needs.

Indexing dual capability hitch on Pull-Type model ensures easy fit and function for 2" ball or pin and clevis type attachment.

Notched and ribbed patterned cast iron roller provides optimal seedbed finish and long durable product life.
