

SSP25 SERIES SNOW PUSHERS

HP REQUIRED
50-80 HP

HITCH
Universal Quick-Attach

SNOW TOOLS

Snow has met its match.

The Land Pride SSP25 Snow Pushers come in 10' and 12' widths to quickly clear parking lots and other open spaces. The units feature a large capacity with a 36" moldboard, 35" depth, and a pullback on the SSP2510 to pull snow away from buildings or other obstacles. Full length skid shoes and 5/16" end panels complete this commercial pusher.

Replaceable skid shoes are manufactured from high tensile AR400 steel, and are abrasion resistant.

The SSP25 boasts up to 5,000 lbs. of lift capacity.
