SNOW TOOLS

Efficient snow removal with loader-mount blades.

The STB10 and STB15 Snow Trip Blades are designed to fit tractor loaders. The STB10 is available in 5' and 6' widths for tractors with loaders in the 25-40 HP range. The 10 Series Model has a 21" curved moldboard. The STB15 is designed for tractors 30 to 70 HP and is available in 6', 7', and 8' widths. The 15 Series features a 27" curved moldboard. Both models feature dual trip springs and abrasion resistant AR400 skid shoes. Hydraulic angling options are available on both units as well and both have safety orange edge markers as standard equipment.

Button-style skid shoes are manufactured from high tensile AR400 steel, and are abrasion resistant.

	STB10	STB15
Horsepower Range	25-40 HP	30-70 HP
Hitch/Mount*	Quick-Attach	Quick-Attach
Widths	60", 72"	72", 84", 96"
Moldboard Height	21" Curved Blade	27" Curved Blade
Moldboard Material	12 Gauge	10 Gauge
