

# WC15 SERIES WOOD CHIPPERS

HP REQUIRED  
12-50 HP

HITCH  
Cat. 1

MATERIAL HANDLING

## Quickly turn limbs into mulch or to aid in decomposition.

Land owners can utilize Land Pride's WC1503 3-Point mounted Wood Chipper to quickly turn mountains of limbs into chips for mulch or just to aid in decomposition. Driven by the tractor's PTO, this unit features a 3" cutting capacity, two reversible and replaceable hardened-steel knives, adjustable discharge chute, and dual B-section drive belts.

The WC1504 features a 4" cutting capacity, 4 reversible and replaceable hardened steel knives and adjustable discharge chute. The WC1504 also features direct drive to the rotor. Both models offer adjustable height/support stands to better match your tractor.
